From our Council President

Very soon the Executive Board of the Blue Water Council will be asked to vote on the participation in the Area 2 consolidation plan. I must emphasize that it is critical you read and understand the impact the consolidation will have on Scouting. The area project recommendations, now referred to as the Crossroads Project, contains all of the pertinent Area 2 Project information. More information can be found online at bsaareaproject.org and any questions can also be asked online at www.bsaareaproject.org/ask-a-question/. If you were at the July 11th Grand Cookout, you heard an in-depth discussion of the pros and cons of the Area 2 Project by the members representing us on the various committees of the project. These members included Gary Beem, Pete Cangemi, Steve McPherson, Mike Whaling and Paul Schwartz. Earl DesJardins and I also attended some of the Area 2 Project meetings.

The schedule for voting on the project is fast approaching and will be a major topic of the August 8th Executive Committee meeting and the September 15th full board meeting to be held at 6:30pm at the First United Methodist Church. This important meeting has been rescheduled from September 12th to accommodate the Area 2 Project schedule for voting consistency. The outcome of this vote will determine the future of Scouting in the Blue Water Council and the State of Michigan. Additional meetings on August 24th and September 1st are being held to inform Scouting volunteers.

I urge you once again to study the materials so you can be informed as to what is happening. Feel free to contact any of the names mentioned above to get additional information. Since research may be needed to answer some of your questions, please contact us no later than September 9th.

The future of Scouting rests in your hands!
Sincerely,

Robert C. Beedon, President

Cub Scout News

Attention New Den Chiefs

Our next training is Saturday, November 5th at Silver Trails Scout Reservation. Flyers will be available on the Council website shortly. While there are no specific age or rank requirements to attend this Boy Scout training, a Scoutmaster should follow some basic guidelines. A Scout should be registered with a Troop for at least one year to learn how to be a Boy Scout and have the maturity to interact with Cub Scouts as a leader, not a peer. In most cases, first year Boy Scouts need time to grow and develop themselves before leading younger Scouts. It is at the Scoutmaster's discretion as to whether or not a Scout is ready, but it is recommended to wait at least one year. The Scoutmaster must sign the training registration to give consent.

We also had the opportunity to go white water rafting, rock climbing or zip lining. If you have any questions about the Order of the Arrow or SummitCorps you can contact me at allen.matt.12@gmail.com.

Youth Protection Training

Every registered volunteer needs to complete Youth Protection Training. New leaders are required to take Youth Protection training *before* they submit their application for registration. Youth Protection training is available online at MyScouting.org. Registered volunteers can log in using their member ID number, and the training will be updated onto their profile. Non-registered volunteers can still take the training online, but the training card must be printed and sent to the Scout Service Center.

Training will also be available at the Scout Service Center. Watch for upcoming dates on our website.

It's Popcorn Time - 2011 Popcorn Kickoff

The annual popcorn fundraiser is an outstanding opportunity for your unit to raise the funds necessary to finance its entire year of Scouting. This year's Blue Water Council Popcorn Fundraiser promises to be the best seen in the Council in many years. Many changes have been made in the commission structure for unit sales and in the incentives available to the sellers. These improvements will be covered in detail at the Council Popcorn Kick-off that will be held on **September 1st!**

Cub Scout Units: 6-7:30pm

Boy Scout/Explorer/Venture Scout/

Sea Scout Units: 7:30-8:30pm

Among other changes that are being instituted this year are three very important changes:

Show and Sell

Ordering Changes

Above and Beyond Incentives

For any of the changes to be effective in increasing unit sales, it is imperative that your unit select a motivated and capable Popcorn Kernel, and that your unit's Popcorn Kernel attend the Council Kickoff. In the past, attending the Council Kick-off earned the unit 1% in additional commissions. This year, however, due to the significant changes in the Council Popcorn Program, missing the Council Kickoff could cost your unit up to 3% in commission. Please make every effort to attend!

Mark your unit calendars with the following important popcorn dates:

- September 1** Blue Water Council Popcorn Kickoff (First United Methodist Church, 828 Lapeer Avenue)
- September 12** Show-and-Sell/Show-and-Deliver orders due to Blue Water Service Center by 5pm
- October 4** Popcorn Sale begins/Show-and-Sell/Show-and-Deliver product pickup
- November 14** All unit orders due to the Blue Water Service Center by 5:00pm
- December 2** Popcorn distribution

Please RSVP to the Scout Service Center by Friday, August 26th with names and number of individuals that will be attending from your unit.

Scouts Return Home from 2011 Philmont Scout Ranch Expedition

Reflecting back, it's hard to believe it has been nearly a month since the Blue Water Council contingent to Philmont returned home. The Scouts that attended the Scout Ranch have a lifetime of fond memories and pictures to share with friends, family, Scouts and Scouters.

They will reminisce about trek #22, climbing Mt. Baldy, a side trip to the Tooth of Time, as well as some of the activities we experienced such as rock climbing, hatchet throwing, black powder rifle shooting, branding, conservation projects, wall climbing, our tour of Wade Phillip's Villa and more.

Our Scouts had a great time. They learned a lot about nature, hiking, map and compass skills, hydration, weather, teamwork, leadership, patience, cooking skills, water purification, water conservation and many more things. The skills learned in the back country will last them their entire life.

Train Station - Raton,
New Mexico

At the end of each day we would close with Thorns and Roses. I would like to do one more Thorns and Roses to end this article. My Thorn is my age; it is catching up to me. My Rose is that the crew was great! We were small in numbers but persevered against the elements and completed the trek. My Bud is that these scouts will someday return to Philmont Scout Ranch with their sons or daughters to share that experience with them.

Scouters, Philmont Scout Ranch is a great learning experience for your Scouts. They will grow a lot out there, and they will put everything they have learned in Scouting to use out in the back country. You will see a big difference in them when they get back home; encourage them to experience Philmont!

Yours in Scouting, Terry Green, BRB District Chairman

Greetings from Silver Trails

As many of you heard, I recently attended National Camp School. I returned with a lot of new knowledge of BSA's shooting sports programs. There is a whole new set of guidelines for all of our programs for Cub Scouts, Boy Scouts and Venture Crews. There will be trainings offered here at STSR specific to each shooting sport in all 3 programs.

The Cub Scout Shooting Sports Training will provide all the instruction you need to impart Archery or BB Guns in your district program. There are several more options in the new Cub Scout Shooting Sports manual that fall under the Cub Scout Shooting Sports guidelines.

The Boy Scouts Shooting Sports Training has 3 disciplines. This course will provide all the lessons you need to sign Merit Badge blue cards and run a range at Silver Trails or at a Unit level. The 3 disciplines are rifle, shotgun and muzzle loading. Additional information will be provided on the use of tomahawks, throwing knives, slingshots, rockets and atlatl's.

The Venturing Shooting Sports Program has the same 3 disciplines as the Boy Scout Program; however, there is a 4th discipline - the pistol.

The training programs will begin sometime after September. There will be flyers posted on the Blue Water Council website, as well as distributed to each District Committee. If you have any questions or would like to guarantee your spot, please call me at 810-394-1185 or email me at jerry.deeg@scouting.org.

Cyndi Jagodzinski

From Steve Down's Backpack . . .

As the Troop marched proudly from the ferry boat at the Arnold Line dock in Mackinaw City, they echoed the cadence call of their SPL, Nick. Caleb's snare drum snapped a crisp rhythm that sent chills with each "Rim Shot". The Mackinaw Island Service Troop had completed another successful year. More than that, the Troop's Island exodus marked the 30th year of service to the Mackinac Island State Historic Parks.

The names of Scoutmasters and Assistant Scoutmasters are too numerous to list in this article. A complete listing of all the adults that have given so much would consume most of the allowable space!

Local merchants and benefactors have helped with supplies, transportation and financial support. Moms, dads, uncles and aunts, friends and others that just want to help have stepped up to drive Scouts up, drive Scouts back, or maybe drive a bottle of forgotten medication to Mackinaw City and place it on a ferry for a Scout in need. How many times did Sy and Jackie show up at 4am, to drive a few Scouts that otherwise couldn't find a ride, north? In all the commotion of leaving, the "Thank you's" were never loud enough to be heard sufficiently by them or many of the other Good Samaritans.

One of the beautiful things about Scouting is that so many of the folks involved are of a "right spirit" or working hard at it. Helping to meet the needs of those around us, living in accord with the wishes of the Great Master and enjoying the blessings that follow are, in the simplest terms, the essence of being "right spirited". It is a trait shared by most of the folks that have helped over the thirty years the Troop has existed.

My wife and I took advantage of an opportunity and stayed the weekend following the Troop's return, in Mackinaw City. For me, it was the hot tub at the motel, soothing my aching body. Cooking for the Troop takes a greater toll on me now than it did twenty years ago. For my wife, it was a chance to visit relatives we rarely see.

While still in Mackinaw City, I received a shocking phone call. Rollin, an Assistant Scoutmaster with both the Mackinac Island Service Troop and Troop 216, called to tell me that John Sturtridge, Assistant Scoutmaster for Troop 216 had passed away unexpectedly.

Hearing that news, of course, I was shocked. In the time that followed, I reflected on my friendship with John. I had only known him through brief encounters in Troop 216 and at Marysville School Band Concerts.

At certain school band concerts, I have been known to dress as a pirate and offer bits of humor as a "filler" between songs, at the request of the band director. John, having children in the band, was always there. He would find me and offer me a bit of pirate humor before the show started. He would give me a friendly smile, and shake my hand. It seemed it was his way of expressing appreciation for my performing the part, year after year.

When John planned a canoe trip from the Croswell camp down to Silver Trails, he asked me to help. I was honored by John's welcoming request.

John, myself, and several other Troop leaders gathered at the McDonald's in Croswell to discuss scouting the trip. Every person in the restaurant seemed to know John. They didn't simply say, "Hi, John". In every case, it was a rousing, "Hello John! How are you? What are you fellows up to?" At least half a dozen folks, everyone in the restaurant, had to say hello! (I joked that passers-by in cars would soon be honking their horns!)

While scouting the trip, we decided to seek permission to cross private property in portaging the Croswell dam. Of course, John knew the property owner. He was welcomed by the individual and told that the Troop would be welcome!

On another occasion, I had returned home from work to find a parcel that John had dropped off at my house. He told my wife the package was for me. I opened it to find a framed picture, a diagram of a canoe. It was well aged, and probably taken from an old Boy Scout book, or magazine. Very nice, I thought.

I got on the telephone to thank John. When he told me it was his father's, I assured him I would copy it and return it. John said, "No. You don't understand. It was my father's and I want you to have it."

John not only honored me with the gift, but he had demonstrated his nature as well. I have learned that he was always a very giving man. He achieved great things in his life, through his giving and support of all those around him. John, an Eagle Scout, was truly a "right spirited" man.

To say it in the words of Sir Paul McCartney (yes, the Beatle), "And in the end, the Love you take is equal to the Love you make." John gave. To Scouting, to youth, to anyone he could help. It was his nature. He gave of himself that others would be blessed. For having known him, I am a better person.

What would our world be if we were all a little more like John?
